

Lunch at Mossbourne Riverside

1. Preface

1.1. Introduction

This document outlines the procedure for meals at Mossbourne Riverside.

At Mossbourne Riverside Academy (hereafter MRA) we are committed to teaching pupils about how to make sensible food choices as part of maintaining a healthy lifestyle. This lunch policy has been developed by drawing on key government guidance associated with healthy eating. This policy is supported by what is taught in our curriculum and promoted in a number of subjects. We believe that a healthy lunch can contribute to the health of our pupils, all lunches eaten on site including packed lunches need to be in line with nutritional standards.

Academy meals and packed lunches represent a third of a child's daily intake of foods and nutrients, which presents a great opportunity to promote healthy food choices for children. The government provides regulations for healthy school meals and packed lunches and recommends that foods from the high fat and/or sugar group should not be included in a packed lunch.

1.2. The Aims of this Policy are

- 1.2.a. To provide lunches of high nutritional quality.
- 1.2.b. To ensure that all lunches brought from home and consumed in the Academy (or on trips) provide our pupils with healthy food that is similar in its nutritional value to food served in the Academy.
- 1.2.c. To give clear guidance to parents/carers, pupils, governors, and staff on providing healthy packed lunches.
- 1.2.d. To make a positive contribution to children's health by encouraging healthy eating habits in childhood, setting a trend for lifelong changes.
- 1.2.e. To set out how the Academy lunches will be paid for by parents.

1.3. Dissemination of the policy
